SUMMARY

Python Developer with hands-on experience in Django, REST APIs, and full-stack development. Skilled in building scalable web apps, integrating modern UIs, and optimizing databases. Fast learner passionate about solving real-world problems through clean, efficient code.

TECHNICAL SKILLS

Languages: Python

Frameworks: Django, REST API

Frontend: HTML, CSS, JavaScript, Bootstrap, Angular

Database: MySQL, MongoDB, Firebase

Data Analysis: NumPy, Pandas, Matplotlib

Version Control: Git, GitHub

Tools: Postman

EDUCATION

Manav School of Engineering and Technology

2021 – 2024

Bachelor of Engineering in Computer Engineering

CGPA: 7.93

Government Polytechnic Murtijapur

2016 – 2021

Diploma in Computer Engineering

Percentage: 86.11%

PROFESSIONAL EXPERIENCE

GrowStats Media Pvt. Ltd.

Mar 2025 – Present

Junior Software Engineer

- Built dynamic web applications using Django and Python for marketing automation workflows.
- Developed and integrated CRM-based bulk email automation system, boosting outreach efficiency by 60% and reducing campaign setup time by 40%.

Bit Lance Tech Hub Pvt. Ltd.

Jun 2020 – Aug 2020

Intern

- Developed the frontend of an e-commerce website using HTML, CSS, and JavaScript, improving UI performance by 35%.
- Enhanced user experience by implementing responsive design, resulting in a 25% increase in mobile engagement.

PROJECTS

Expense Tracker App | *Django, Python, Matplotlib, MySQL*

- Developed a user-authenticated expense tracker for managing and visualizing financial data.
- Implemented data categorization with graphical reports using Matplotlib.

E-Commerce Website | *HTML, CSS, JavaScript, SQL*

- Built a responsive platform with real-time order tracking and secure user authentication.
- Managed backend operations using a SQL-based schema.

Employee Database Management System | *Django, Python, SQL*

- Developed a CRUD-enabled system for managing employee records.
- Optimized database operations and ensured data integrity.

Book-Heaven (Online Books Library) | *Angular, Firebase, HTML5, CSS3, TypeScript*

- Designed a user-friendly interface for browsing books with category filters.
- Integrated Firebase for real-time data management and authentication.
- Deployed on Netlify with optimal performance.
